APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the 3.0 c.f.s. of water granted herein is only a temporary allowance and that the final water right obtained will be dependant upon the amount of water placed to beneficial use. It is further understood that no right is given under this permit to maintain the water level in permittees well at any level higher than that necessary for a reasonable pumping lift. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 3.0 cubic feet per second.

Actual construction work shall begin on or before September 30, 1949

Proof of commencement of work shall be filed before October 30, 1949

Work must be prosecuted with reasonable diligence, and be completed on or before September 30, 1951

Proof of completion of work shall be filed before October 31, 1951

Application of water to beneficial use shall be made on or before September 30, 1952. Proof of the application of water to beneficial

use must be filed with State Engineer on or before October 30, 1952
